March 2001

Dear Colleague,

The New York State Department of Health, Office of Managed Care is pleased to share with you the fifth Annual Managed Care Enrollment Trend Report. This report contains four sections of enrollment information: (1) December, 1999 Enrollment by County for every Fully Capitated Managed Care Plan, (2) December, 1999 County Report by Plan for every Fully Capitated Managed Care Plan, (3) New York State Managed Care Penetration Rates, and (4) New York State Map of Managed Care enrollment.

Starting this year the information on the Enrollment by County will be collected annually using December 31st as the snapshot date. Previously this data had been collected annually with a March 31st snapshot date of the QARR reporting year. The data is self-reported by the managed care plans, in the Membership Section of the Quality Assurances Reporting Requirements (QARR). Enrollment by County was requested for: Commercial/HMO only, POS, Direct Pay, Child Health Plus, Medicare, Medicaid and Total Membership. Each managed care plan that has been in operation for one full calendar year is required to submit the QARR data.

If you have further questions, or require clarification on the Managed Care Annual Report, you may contact the Office of Managed Care at (518) 473-2941 or (518) 486-9012.

Sincerely,

Kathleen Shure
Director
Office of Managed Care

SUMMARY

SUMMARY

The Managed Care Enrollment Report is the New York State Department of Health's Annual publication of enrollment by County of Managed Care plans licensed to operate in New York State.

The information included in this report is collected annually as of December 31st of each year. Previously the report was collected with a March 31st date of each year. The data is self reported by the managed care plans. There are two types of managed care plans in New York State included in this report: Health Maintenance Organizations (HMO's), and Prepaid Health Service Plans (Primarily Medicaid Managed Care Plans). Partial Capitation Managed Care programs are not included in this report. Starting in 1996, the data collection process was formalized within the Quality Assurance Reporting Requirements (QARR). In the Membership Section of QARR, Enrollment by County was requested for: Commercial/HMO only, POS, Direct Pay, Child Health Plus, Medicare, Medicaid and Total membership. The NYSDOH Monthly Eligibles & Enrollees listing serves as the source for Medicaid enrolled data in this report. Only those Managed Care plans that have been in operation for one full calendar year are required to submit QARR data.

This report contains data sorted by county as well as a report of enrollment sorted by plan for all enrollees. In addition, the penetration rates for each of the counties is provided using the 1990 Census provided by the NYS Department of Economic Development. The Total NYS population estimate as of July 1, 1999 is: 18,175,301.
